CEO Welcome Note

Dear Participants,

It is with great excitement that I welcome you to The Eye Hackathon, a key highlight of the **King Khaled Eye Specialist Hospital & Research Center (KKESH&RC) International Conference (KKESH 2024)**. This year's event continues our legacy of advancing eye care by embracing emerging technologies that shape the future of ophthalmology.

At KKESH, we are deeply committed to fostering innovation and collaboration to enhance patient care. This year, we are honored to partner **with the Saudi Data and Artificial Intelligence Authority (SDAIA)** to explore how artificial intelligence can revolutionize the diagnosis and treatment of eye diseases. Together, we aim to unlock new possibilities for improving vision care across the globe.

The Eye Hackathon is a unique platform for eye care professionals, data scientists, and AI experts to converge and tackle real-world challenges in ophthalmology. It is a space where interdisciplinary collaboration sparks innovative solutions to some of the most pressing problems in eye care.

I am delighted to announce that this year's hackathon features **15 dynamic teams and 100 passionate participants**. Over the course of the event, these teams will work tirelessly to address critical challenges in eye care, showcasing the power of collaboration and creativity.

Thank you for being part of this transformative experience. We look forward to witnessing the groundbreaking ideas and solutions that emerge from this inspiring event.

Warm regards,
Abdulaziz AlRajhi, MD

Dr. Abdulaziz AlRajhi

Chief Executive Officer

King Khaled Eye Specialist Hospital & Research Center

**Innovating Sight,
Empowering Insight**

HACKATHON OVERVIEW

Organized by King Khaled Eye Specialist Hospital & Research Center (KKESH&RC) in collaboration with the Saudi Data and Artificial Intelligence Authority (SDAIA), The Eye Hackathon is a groundbreaking event bringing together eye care specialists and artificial intelligence experts to create cutting-edge AI solutions that transform eye care. Over three action-packed days, participants will collaborate, compete, and innovate to address real-world challenges in ophthalmology, with a focus on leveraging artificial intelligence and data-driven approaches.

Foster Innovation: Develop creative AI-driven solutions in ophthalmology.

Enhance Collaboration: Foster teamwork across disciplines to solve challenges.

Improve Eye Care: Advance the standards of ophthalmic diagnosis and treatment.

Drive Impact: Create scalable solutions that improve patient outcomes.

Join us at the Eye Hackathon to contribute to the future of eye care innovation!

Organizing Committee

Dr. Adi Al Owaifeer

CHAIRMAN

Consultant, Innovation Office

King Khaled Eye Specialist Hospital & Research Center

MEMBER

Dr. Mohammed Al Awwad

Senior AI Expert
Saudi Data & AI Authority

Eng. Mansour AlDamas

Chief IT Officer
King Khaled Eye Specialist Hospital &
Research Center

Dr. Mansour AlDawood

IT Infrastructure Director
King Khaled Eye Specialist Hospital &
Research Center

Mr. Khaled Al Dhayaan

General Manager ecosystem & projects
Saudi Data & AI Authority

Medical Student
King Faisal University

Mr. Abdulaziz Al Ruwaishid

Coordinator, Innovation Office
King Khaled Eye Specialist Hospital &
Research Center

Ms. Lujain Al Yahya

Senior Project Manager
Saudi Data & AI Authority

Ms. Fatimah Al Hashmi

Event Acting Manager
King Khaled Eye Specialist Hospital &
Research Center

Mr. Sami Al Anazi

Public Relations Manager
King Khaled Eye Specialist Hospital &
Research Center

Mr. Abdulaziz Al Bilali

Marketing Department Manager
Saudi Data & AI Authority

Scientific Committee

Dr. Adi Al Owaifeer

CHAIRMAN

Consultant, Innovation Office

King Khaled Eye Specialist Hospital & Research Center

MEMBER

Dr. Mohammed Al Awwad

Senior AI Expert

Saudi Data & AI Authority

Dr. Mansour Al Dawood

IT Infrastructure Director

King Khaled Eye Specialist Hospital &
Research Center

Dr. Abdulrahman AlJouie

Assistant Professor, Computer Science
King Abdulaziz University for
Health Sciences

Dr. Ibrahim Al Obaida

Consultant, Glaucoma Division

King Khaled Eye Specialist Hospital &
Research Center

Dr. Deema Jomar

Consultant, Anterior Segment Division
King Khaled Eye Specialist Hospital &
Research Center

Eng. Ali Al Talag

King Khaled Eye Specialist Hospital &
Research Center

Mr. Abdulaziz Al Ruwaishid

Coordinator, Innovation Office

King Khaled Eye Specialist Hospital &
Research Center

Data Management Committee

Dr. Mansour Al Dawood

CHAIRMAN

IT Infrastructure Director

King Khaled Eye Specialist Hospital & Research Center

MEMBER

Eng. Ali Al Talag

Acting IT Quality and Data Manager
King Khaled Eye Specialist Hospital &
Research Center

Eng. Omar Ateen

System Analyst Team Lead
King Khaled Eye Specialist Hospital &
Research Center

Eng. Bader AlOtaibi

Network and Systems Manager
King Khaled Eye Specialist Hospital &
Research Center

Eng. Abdulrahman Alnaddaf

PACS Administrator (IT)
King Khaled Eye Specialist Hospital &
Research Center

Eng. Mohammed Barri

Senior Data Governance Specialist
King Khaled Eye Specialist Hospital &
Research Center

Khulud AlMutairi

Senior Data Governance Specialist
King Khaled Eye Specialist Hospital &
Research Center

Artificial Intelligence Advisors

Dr. Abdulrahman AlJouie

Assistant Professor, Computer Science
College of Public Health and Health
Informatics, King Saud bin Abdulaziz
University for Health Sciences

Dr. Ahmet Görkem

Internist & Infectious Diseases Specialist
Medical Informatics, Fulbright Alumnus
Stanford University

Dr. Alexander Thieme

Physician Scientist,
Board-Certifications in Radiation Oncology
and Medical Computer Science
Stanford University

Chris Sadeé

Staff Scientist
Bioinformatics Research Center
Stanford University

Dr. Katherine Hartmann

Physician Scientist, Radiology Resident
University of Pennsylvania

Dr. Sadam Al-Azani

Research Scientist, SDAIA-KFUPM Joint
Research Center for AI
King Fahd University of Petroleum &
Minerals

Dr. Shujaat Khan

Assistant Professor, Computer Engineering
King Fahd University of Petroleum &
Minerals

Clinical Advisors

Prof. Aaron Lee

Professor of Ophthalmology, School of
Medicine
University of Washington

Mr. Abdulrahman AlGaeed

Head Imaging And Ultrasound
King Khaled Eye Specialist Hospital &
Research Center

Ali Alrajhi, MD

Professor, Senior Consultant
Ophthalmologist
King Khaled Eye Specialist Hospital &
Research Center, Alfaisal University

Alyaa Ezzat, MD

Consultant Ophthalmologist
Care Hospital

Amani AlBakri, MD

Ophthalmology Consultant
King Fahad Medical City

Aziza Al Anazi

Health Informatics Specialist, Product
Management Director
Takamol Holding

Deema Jomar, MD

Consultant, Anterior Segment Division
King Khaled Eye Specialist Hospital &
Research Center

Dr. Deepak Edward

Chief Office of Research & Training
King Khaled Eye Specialist Hospital &
Research Center

Dr. Halah Bin Helayel

Consultant, Anterior Segment Division
King Khaled Eye Specialist Hospital &
Research Center

Clinical Advisors

Dr. Ibrahim Al Obaida

Consultant, Glaucoma Division
King Khaled Eye Specialist Hospital &
Research Center

Dr. Khawlah Al Zaben

Fellow, Oculoplastics Division
King Khaled Eye Specialist Hospital &
Research Center

Dr. Mohammed Ahad

Chair and Senior Academic Consultant,
Anterior Segment Division
King Khaled Eye Specialist Hospital &
Research Center

Mohammed AlBlowi

Manager, Optometry Department
King Khaled Eye Specialist Hospital &
Research Center

Dr. Rizwan Malik

Associate Director of Research
King Khaled Eye Specialist Hospital &
Research Center

Sawsan Nowilaty, MD

Senior Academic Consultant, Vitreoretinal
Division
King Khaled Eye Specialist Hospital &
Research Center

Dr. Sulaiman AlSulaiman

Consultant, Vitreoretinal Division
King Khaled Eye Specialist Hospital &
Research Center

Team Coordinators

Abdulmajeed Al Khathami
Service Ophthalmology Resident
King Fahad Hospital, Al Baha Health Cluster

Mona Almutlaq
Medical Student, College of Medicine
King Faisal University

Nujood Alhomeni
Medical Student, College of Medicine
King Faisal University

Maryam Alqudihi
Medical Student, College of Medicine
King Faisal University

Ibtisam Algouf

DAY ONE THURSDAY 12 DEC 2024

Time	Session	Speaker
08:30 - 08:35	Introduction	Dr. Adi Al Owaifeer
08:35 - 08:40	Welcome Note	Abdulaziz AlRajhi, MD
08:40 - 08:50	Launch Pad: Hackathon overview	Abdulaziz Al Ruwaishid Renad Al Subaie
08:50 - 09:10	Expert Insight: Building an Effective AI Solution in Eye Care (The EYENAI Experience)	Dr. Mohammed Al Awwad
09:10 - 09:30	Hacking	
09:30 - 10:30	Coffee Break	
10:30 - 11:00	Hacking	
11:00 - 12:00	Prayer & Lunch Break	
12:00 - 13:00	Expert Insight: Kickstart Your AI Project: Public Ophthalmology Datasets	Dr. Aaron Lee
13:00 - 13:15	The Innovation Dialogue: An Expert's Reflections on Transforming Eye Care with AI	Dr. Daniel Ting
13:15 - 14:00	Mentor Moment	Clinical & AI advisors
14:00 - 15:00	Hacking	
15:00 - 15:30	Coffee Break	
15:30 - 17:30	Hacking	
17:30 - 18:00	Wrap-up Rounds	Organizing Committee

DAY THREE SATURDAY 14 DEC 2024

Time	Session	Speaker
09:30 - 11:00	Pitch Prep: Teams sit down to refine and finalize presentations	
11:00 - 11:30	Mentor Moment	Clinical & AI advisors
11:30 - 12:00	Coffee Break	
12:00 - 15:00	Pitch Battle: Final presentations of developed solutions	Judging Panel
15:00 - 15:30	Announcement of Winners	

From Data to Diagnosis

Hackathon Teams

NO. 1	
IFRESH	
AI app detects and manages dry eye by analyzing blinking redness and rubbing through the phones front camera. It offers dry eye grading tests personalized medical advice and daily reminders for moisturizing and eye care.	
MEMBERS	CLINICAL ADVISOR
Dr. Rawan Alabduqader	Dr. Deema Jomar
Dr. Jumanah Qedair	AI ADVISOR
Eng. Nouf Alabdulqader	Dr. Abdulrahman Aljouie
Mr. Abdullah Afif Alshakhs	COORDINATOR
Mrs. Haya saud Alowais	Dr. Abdulmaje ed Al Khathami

NO. 2	
GLAUCOMA GURUS	
Framework for multi-model deep learning system for glaucoma diagnosis and management including surgical predictions that analyzes multi-source data OCT fundus images visual field tests patient records genetic data and treatment histories.	
MEMBERS	CLINICAL ADVISOR
Dr. Yara Alshammari	Dr. Ibrahim AlObaida
Dr. Nora Alkhaldi	AI ADVISOR
Dr. Mohammed Fouda	Dr. Alexander Thieme
Mr. Hatem Alhomid	COORDINATOR
Dr. Arij Alshammari	Dr. Abdulmajeed Al Khathami

Hackathon Teams

NO. 3	
STITCH SMART	
Creating an AI tool that analyzes photos of corneal suturing/surgical suturing and provides feedback to trainees, guiding them on areas that need improvement.	
MEMBERS	CLINICAL ADVISOR
Dr. Alanuad Ibrahim Albazei	Dr. Rizwan Malik
Eng. Mohamed adel Alzaben	
Ahmed Abdullah Albin hamad	AI ADVISOR
Faisal abdo Alajam	Dr. Chris Sadeé
Razan Abdulaziz Almulhim	COORDINATOR
Eng. Njood Ebraheem Aljuraid	Dr. Mona Almutlaq

NO. 4	
THYROID EYEAI	
Creating an AI tool that can read predictors of DON on radiological imaging and refer the patient for ophthalmology care.	
MEMBERS	CLINICAL ADVISOR
Eng. Mohamed adel Alzaben	Dr. Khawlah Alzaben
Wajd Fahad Aldugaim	
Wajd Abdullah Alsulaiman	AI ADVISOR
Eng. Omar Mohammed Alharbi	Dr. Shujaat Khan
Eng. Danah Adel Almudaifer	COORDINATOR
	Dr. Mona Almutlaq

Hackathon Teams

NO. 5	
KONE AI	
An AI-powered system to predict keratoconus progression at first visit. By analyzing corneal topography & risk factors to identify high-risk patients early, enabling timely intervention, supporting decision-making for clinicians and preserve vision.	
MEMBERS	CLINICAL ADVISOR
Dr. Enmar Mazyad Almazyad	Dr. Ali AlRajhi
Eng. Shaimaa Mishal Alghamdi	
Eng. Raniyah Mishal Alghamdi	AI ADVISOR
Eng. Khuzama Khalid Alsenan	Dr. Chris Sadeé
Eng. Ibrahim Abdulrahman Alshehri	COORDINATOR
Eng. Joharah Faiz Alotaibi	Dr. Nujood Alhomeni

NO. 6	
OPTIC AI PIONEERS	
The mobile app uses AI and sensors to monitor a child's adherence to covering the stronger eye during digital device use for amblyopia treatment. It sends real-time notifications to parents and generates compliance reports for doctors.	
MEMBERS	CLINICAL ADVISOR
Alhassan Rizq Alqarih	Dr. Amani AlBakri
Haifa Hussein Alnajrani	
Hend Abdullah Al Jaffar	AI ADVISOR
Razan yahya alnajrany	Dr. Katherine Hartmann
Dr. Manal Abdullah Almuammar	COORDINATOR
	Dr. Nujood Alhomeni

Hackathon Teams

NO. 7	
A-EYE TRIAGE	
An AI-powered triage system for ophthalmic emergencies analyzes symptoms and eye images to prioritize cases, provide diagnoses, and offer pre-hospital care recommendations, ensuring timely treatment and improved efficiency.	
MEMBERS	CLINICAL ADVISOR
Dr. Tasniem Alyahya	Dr. Halah BinHelayel
Dr. Tadani Alyahya	AI ADVISOR
Reaam Alyahya	Dr. Saddam Al-Azani
Munirah Alyahya	COORDINATOR
Amal Alsulamy	Dr. Maryam Alqudihi

NO. 8	
DEEPROP	
The project develops a deep learning system to diagnose and monitor Retinopathy of Prematurity (ROP) using fundus images. It detects disease severity, tracks progression, and supports timely interventions, improving outcomes for premature infants through accurate AI analysis.	
MEMBERS	CLINICAL ADVISOR
Faisal Maher Mahrous	Dr. Sulaiman AlSulaiman
Sami Alghamdi	AI ADVISOR
Dr. Hissah AlTurki	Dr. Saddam Al-Azani
Eng. Noura Alsaqr	COORDINATOR
Eng. Hesham Banafa	Dr. Maryam Alqudihi
Leen Aljrewi	

Hackathon Teams

NO. 9	
NEURO CUE	
NeuroCue combines OCT retinal analysis with AI-driven assessments of the cognition for early Alzheimer's detection. It bridges diagnostic gaps, enabling holistic evaluation, early intervention, and better cognitive health outcomes.	
MEMBERS	CLINICAL ADVISOR
Dr. Raghad Mutir Alzahrani	Dr. Sawsan Nowilaty
Eng. Ibrahim Saber	AI ADVISOR
Dr. Fay Mana Alsuhayam	Dr. Abdulrahman Aljouie
Dr. Renad Youssuf AlSuhaibani	COORDINATOR
Ahad faheed Alotaibi	Dr. Ibitsam Algouf

NO. 10	
CLEAR SIGHT	
The project develops an AI-based system to analyze eye images for early cataract detection and severity classification, aiding doctors in treatment decisions. It improves diagnostic accuracy and reduces costs, enhancing healthcare quality.	
MEMBERS	CLINICAL ADVISOR
Shatha Alhazzani	Dr. Deepak Edward
Reema Alshawhi	AI ADVISOR
Alanoud Alhmood	Dr. Sadam Al-Azani
Shaikha Mokhlis	COORDINATOR
Dr. Abdullah Almalki	Dr. Ibtisam Algouf

Hackathon Teams

NO. 11	
ECHO VISION AI	
An AI-powered solution for ophthalmic B-scan interpretation employs machine learning to assist clinicians in diagnosing key eye conditions, addressing challenges like a shortage of skilled doctors, lack of expertise during on-call shifts, and diagnostic delays.	
MEMBERS	CLINICAL ADVISOR
Dr. Abdulrahman AlKaff	Dr. Abdulrahman AlGaeed
Aisha Ali AlKaff	AI ADVISOR
Abdullah Althobaiti	Dr. Shujaat Khan
Dr. Samar Binkheder	COORDINATOR
Eng. Habib Rebai	Dr. Ibtisam Algouf

NO. 12	
SIGHT SCRIBE	
AI-Powered Ophthalmic Medical Note Generation: Leverage AI to automatically transcribe and categorize patient conversations into standardized Ophthalmic medical notes sections.	
MEMBERS	CLINICAL ADVISOR
Asma Alahazmi	Dr. Aziza Alanazi
Alaa Alahazmi	AI ADVISOR
Arwa Alahazmi	Dr. Abdulrahman Aljouie
Abdullah Alahazmi	COORDINATOR
Dr. Leema Alhussayen	Dr. Muath Alahmadi

Hackathon Teams

NO. 13	
VISION SCAN AI	
AI-powered app using photorefractive to detect refractive errors (myopia, hyperopia, astigmatism) via phone camera. It offers vision tests, light reflection analysis, and detailed reports with treatment advice for hospitals and online consultations.	
MEMBERS	CLINICAL ADVISOR
Mashaal Alzahrani	Dr. Alyaa Ezzat
Maryam Alharby	AI ADVISOR
Yousef Alnumani	Dr. Katherine Hartmann
Naif Alsharari	COORDINATOR
Mariyyah alrasheed	Dr. Muath Alahmadi

NO. 14	
BASEERA	
Baseera leverages AI and AR to turn smartphones into accessible eye-testing tools for everyone. It facilitates early detection of vision issues such as myopia, hyperopia, and astigmatism, providing accurate, instant results to promote better eye health worldwide.	
MEMBERS	CLINICAL ADVISOR
Eng. Taghreed Alghamdi	Dr. Mohammed AlBlowi
Eng. Eman Alrasheed	AI ADVISOR
Eng. Abdullah Bin Muqbil	Dr. Alexander Thieme
Eng. Rana Alsubaie	COORDINATOR
Dr. Tasneem Alotaibi	Dr. Osama M. Qasim

Hackathon Teams

NO. 15	
TUWAIQ	
<p>Keratoconus is more prevalent in the Middle East, especially Saudi Arabia. This project aims to develop a machine learning model to predict keratoconus recurrence and high astigmatism (>4- diopters) during a two-year follow-up after keratoplasty.</p>	
MEMBERS	CLINICAL ADVISOR
Dr. Norah Abdullah Bin Dakhil	Dr. Mohammed Ahad
Razan Abdullah Bin Dakhil	AI ADVISOR
Lujain Abdullah Bin Dakhil	Dr. Shujaat Khan
Dr. Atheer Mohammed Alhumud	COORDINATOR
Dr. Khulood Yahya Alyahya	Dr. Osama M. Qasim

مستشفى الملك خالد
التخصصي للعيون
King Khaled Eye
Specialist Hospital
